In an attempt to control the significant increase in daily case counts and hospitalizations related to the spread of the Covid-19 virus and specifically the Omicron variant the Provincial Government introduced new restrictive measures effective January 5<sup>th</sup>. The new restrictions, which included the closure of all municipally operated indoor recreation facilities, were to remain in effect until January 26, temporarily bringing a halt to the WOAA Senior Hockey Schedule.

On January 11<sup>th</sup>, representatives from the teams and league met via a zoom conference to discuss a potential return to play once the restrictions were lifted. All teams were in agreement to fulfill their commitment to the league, regardless of any limitations on admission, blueline clubs, etc. that may remain in place following the January 26 deadline.

All teams were also in agreement that playoffs are the priority, and that if possible, the February 4<sup>th</sup> playoff start date and the 4 of 7 series format should remain (the exception being the 12<sup>th</sup> vs 13<sup>th</sup> series which is 2 of 3)

In order to meet the February 4<sup>th</sup> playoff date, it was obvious the 20 game regular schedule could not be completed as teams ranged in games played between 12 and 17. Therefore the teams voted that as of January 11<sup>th</sup> the regular season be declared officially ended and as per section L-3 of the manual of operations, the final standings be calculated on a points percentage basis to determine final positioning for playoffs

As per J-5 teams had already submitted their 25 player Master List for playoffs by the January 10<sup>th</sup> deadline however there was concern noted for players who had not met the 5 games played requirement to be eligible for playoffs. It was agreed upon that such players would be credited with games played to a maximum of their teams cancelled games in order to meet the above rule. For example, Team A has a player who has played one game to date, however the team has six games remaining. It is therefore theoretically possible said player would have dressed in a minimum of the four remaining games to be eligible for playoffs.

Although not discussed during the meeting, it was later brought to the attention of the Senior Hockey chairperson that several players had outstanding suspensions that would have been served in full prior to the playoffs if the 20 game per team season had been completed. League officials agreed that as the suspensions were of the automatic nature, and not league assessed as in a Match Penalty, the players would be credited with games served, again to a maximum of the teams non-played games.

Matt Shields	(Saugeen Shores)	head contact major	2 games
Chase Tippin	(Creemore)	3 <sup>rd</sup> fighting major, 2 <sup>nd</sup> instigator	2 of 3 games remaining

On January 20<sup>th</sup>, the Province announced, effective January 31<sup>st</sup>, it would begin the process of gradually easing restrictions, which included allowing spectator areas of sporting events to operate at 50 percent capacity or 500 people whichever is less, with the intent to increase to 50 percent capacity (no limit) effective February 21<sup>st</sup>. This announcement allowed the WOAA Senior Hockey Playoffs to begin on February 4<sup>th</sup>, as originally scheduled.

On February 14<sup>th</sup> the Province made it official that as of February 17, seating capacity for indoor sporting events would be increased to 50 percent capacity, and that as of March 01, seating capacity would return to 100 percent and that no proof of vaccine would be required upon entrance to above events.

On March 21, the Province declared the wearing of face masks was no longer a requirement to enter the above facilities.
